Mapping of ISO standards on LNG

Date 2018/07/18	
Reference ISO/TC 67/SC9 N 135	

Resolution 15/2017 was taken by ISO/TC 67/SC9 on 2017-10-19 to produce a mapping of existing standards in LNG equipment and installation. The intent was to identify potential gaps and needs for additional standards within the scope of ISO/TC 67/SC9.

The standards specific to LNG published and under development are listed by ISO/TC.
